Well I heard the news
You're starting to use again
And that bitter pill is on your mind my friend
And I know what it's like when it goes down easy
Can't get enough, get enough to please me

It's a bitch I know
Cause I've been there before
Can't shake the taste of it
I just want some more

Mirror, Mirror tell me what do you see?
There's a bitter pill wrapped around me
Oh my god, I know just what you mean
It's bundled up and wrapped around me

And Do me a favor
Come to the phone my friend
I need an escape
Answer your door again
Cause I'm stuck in the back of this crack house trailer
Shit everywhere and life is hell here
I tried to break out, its a prison
Nobody trusts and nobody listens

Mirror, Mirror tell me what do you see?
There's a bitter pill wrapped around me
Oh my god, I know just what you mean
It's bundled up and wrapped around me

(Musical Break)

And things were easy way back in day
Get something good and it just fades away
I wish it could be like it was before
Can't shake the taste of it
I just want some more

Mirror, Mirror tell me what do you see
There's a bitter pill wrapped around me
Oh my god, I know just what you mean

It's bundled up and wrapped around me

Stop me! I'm starting to use again

Stop me! I'm starting to lose again
