Remember how it was
To be near you
All around you
Remember all the buzz
People talked when I found you?
I wondered what it was
Between us
Cause it took my breath away

Gasoline
I fall
It all
Smells like Gasoline

One kiss
And this
Smells like gasoline

Come to me in the dark
Take my hand
Make it touch you
We could blow this with a spark
Do I want this?
You say I do
And something is stirring me
You hold my inhibition in your hand

Gasoline
I fall
It all
Smells like Gasoline

One kiss
And this
Smells like gasoline

It's been a long time
It's been a long time for me
You tell me it's wine
But I know it's gasoline

(Musical Break)

And something is stirring me
You hold my inhibition in your hand

Gasoline
I fall
It all
Smells like Gasoline

One kiss
And this
Smells like gasoline
