Girls' Generation

Let's dance

Hit the beat and take it to the fast line

When I saw you for the first time on the stage

The time around me had stopped and only my heart
raced

You, who has changed my normal life, are my dancing
queen

The party that night has awakened my boring routine

The dancing that captivated my heart, those flashy
gestures

Your selfishly nice figure, that breathtaking sexiness
It makes me lose my breath yeah

After a long time, I stand on stage

Dancing and singing like you back then

It seems like a dream, for real

You, who has changed my normal life, are my dancing
queen

The dream that night has awakened by boring routine

The dancing that captivated my heart, those flashy
gestures

Your selfishly nice figure, that breathtaking sexiness
I trust my body to the rhythm yeah

You are my dancing queen forever no matter what
anyone says

(I don't care what anyone thinks

Cause you're the one who makes me dance.

You're one the who makes me sing.

Can't nobody be my dancing queen but you.)

You're the star of my heart, my hero, you're my
hero, you're my hero

(I get the "chills" when I see you move, see you
groove.

The way you shake your body is "Look at me

everybody!â€
Your dancing makes me hot.)

Dancing, that flashy dancing
Your selfishly nice figure, that breathtaking sexiness
I trust my body to the rhythm yeah

The dancing that captivated me, your flashy gestures
That selfishly nice figure, breathtaking sexiness
You take my breath away yeah

Bring it on

Party, a dancing party to set fire to our youth
Everyone all together party
A dancing party to set fire to our youth
