hoot!

Hoot lyrics Translation:

[Taeyeon] The moment I blink again, you check it out!
Stop staring at the girls passing by
[Tiffany] Acting like you're not, acting like you didn't
hear, your fake laughter
Everything, everything, everything is weird

[Sunny] How about being a little more nice to me?
Your cold words hurt me a lot
[Yoona] I'm beginning to get used to it
I really hate this. I'm really upset about everything,
everything, everything
[Seohyun] Where are you looking?
I'm right here
[All] Because of you, my heart wears armor
Now, i'm going to oppose you
Your arrows are trouble, trouble, trouble.
You've targeted me. You shoot, shoot, shoot.
I laugh, laugh, laugh (hoot, hoot, hoot)
Your words, full of poison, leave me with wounds
I gave you a second chance

As expected you're trouble, trouble, trouble
You've targeted me. You shoot, shoot, shoot.
I laugh, laugh, laugh (hoot, hoot, hoot)
[Jessica] You've fallen deep into another women's trap
Enough of your excuses, you still haven't come to your
senses
[Yuri] With that attitude you won't be able to meet a
nice woman
Eternally you won't, won't, won't
[Sooyoung] Don't misunderstand
You're not cupid
[Taeyeon] (You are)
[All] Because of you, my heart wears armor
Now I'll fight back
Your arrows are trouble, trouble, trouble.
You've targeted me. You shoot, shoot, shoot.
I laugh, laugh, laugh (hoot, hoot, hoot)
Your words, full of poison, leave me with wounds
I gave you a second chance
As expected you're trouble, trouble, trouble
You've targeted me. You shoot, shoot, shoot.
I laugh, laugh, laugh (hoot, hoot, hoot)
[Seohyun] To float in water, you gotta sink
[Hyoyeon] In the circles i've made, you're an angle
[Sooyoung] There you go again, answering a question
that I haven't even asked
[Jessica + Yuri] But unlike you, I won't shoot arrows
[All] Because of you, my heart wears armor
Now, i'm going to oppose you
Your arrows are trouble, trouble, trouble.
You've targeted me. You shoot, shoot, shoot.
I laugh, laugh, laugh (hoot, hoot, hoot)
Your words, full of poison, leave me with wounds
I gave you a second chance
As expected you're trouble, trouble, trouble
You've targeted me. You shoot, shoot, shoot.
I laugh, laugh, laugh (hoot, hoot, hoot)
