Listen up Â– I'm amazed and curious about the
evidence you have
You shadowed me for a long time and I'm looking at
you twice
You seemed quite awkward

You went behind my back and snooped around
Why do you keep going through my privacy Â– I'm sick
of it

* the magnifying glass toward me, the hysteric
wrapped as love
Oh no- if you fearlessly try to know it all, you'll get hurt
Top top top secret

Whoever I meet and play with
Wherever I got my hair style done
You can try but you won't find anything on me
To breath freely is my wish, wish

I revealed false information
Girls need to hide well in order to look new

In your eyes, I'm always shining
A perfect mystery without any flaws
Oh boy, it's a homework problem you need to solve
without me
Top top top secret

When you're not looking, I'm relaxed a bit
When you're not there, I get a little crabby
Without you knowing, I looked at other guys before
Without you knowing, when I'm with you, I erase my
bad side

Just stop it, check... X 2

I deceived you a bit but the insides burning and
electrifying push and pull-
It's all part of the master plan of love
I know you are nervous but don't worry Â– I will take out

my secrets little by little

* repeat

In your eyes, I'm always shining
A perfect mystery without any flaws
Oh boy, it's a homework problem you need to solve
without me
