3 with some squiggly lightning am3rica.
so much for a safety deposit.
LOOK OUT you're gonna hit the flag, stop!
Mag swap. (reload)
Submarine opens every door to shoot one missile
There's a 3 again.
3ngland. running man.
That truck driver really hates his job.
That truck driver also hates his job.
All the drivers and all the cameramen hate their jobs.
CUT!
Third 3. Oh I see, that's an E!
Ooh pretty sight, look right, turn right slow mo.
'Nade throw, explode,
Windows breaking', let's go.
Take cover, get shot.
How you gonna get away? JUMP CUT.
Germany.
Shooting something you can't see.
Jump over the safety rain.
Tiny bullets. ARMOR FAIL!
Silly pilot wasn't looking, flew into a building.
Hope he has insurance.
Slow mo running.
Slow mo walking.
Looking, aiming, Silhouetting
Spinny helicoptah smacka ta to a building.
Submarine come up.
Kill people, kick a door
Blow torch underwater.
Shoot a building, shoot the helicopter
Don't pay for the subway.
Hardcore wakeboard, Flip a freakin' carnage shot.
A 3 and some W's.
Now one's an M.
