Blood violence.  
Space zoom fade,  
This September.  
Dodge the space-pebbles,  
nicely done.  
The Battle Begins.

Exit a warthog, Scene from Avatar  
Side-shot helicopters Peek at the bad guys  
That girl has a robot arm Everybody stares at it,  
awkward.  
Snipe at night-time, Go to battle, front shot suspense  
Turn gun forward, Why wasn't it already turned  
forward  
Now you're dead, jump. Catch him pull him up,  
City's burning thanks to guys with pincer-mouths.  
You need a bigger gun.  
Hey there, what's in your hand?  
DOG TAGS!  
What's in his?  
BLUE LIGHT!  
Airplane take off going to space to help these guys  
fighting these guys  
GOT ONE, dodge the lightning plasma But keep  
shooting,  
the most anticipa...  
Halo Reach.  
Global Warming is the least of their worries.
