Geez, I love you, you keep me warm (he he he hey)  
Love, you give me content and form (he he he hey)  
Oh, you feed me and keep me strong, strong (he he he hey)

I'll be alright,  
and I don't mind being sugared, 'cause  
without my love, I'd be incomplete,  
and without my love, I'd be all empty,  
so, without my love, I would not be me

Friends I love you, you understand (he he he hey)  
Thanks, you keep me as a good man (he he he hey)  
Fans, you're lovely, you like our band. It's good. (he he he hey)

I'll be alright,  
'cause we don't mind being, sugared  
so, without our love, we'd be incomplete,  
and without our love, we'd be all empty,  
so, without my love, I would not be me
