Where could you be on a night like this?
I've looked around all of this town
Somewhere there is you
What if I meet you?
Someone here is you
What if I meet you?

Who could you be in a place like this?
What would you feel for a droid like me?
Somewhere there is you
What if I meet you?
Someone here is you
What if I meet you?

I thought I saw you dancing, caught you glancing
Somewhere there is you
What if I meet you?
Someone here is you
What if I meet you?
What if I meet you?
What if I meet you?
