Is this no wonder
That I'm here in front of you?
Is this no wonder
That I know just what to do?

Today is my final day
Today gives my answer
Today shows me how you feel
I don't want no part of it...
To get inside of you.

Inside of you.

One the wings of change
I thought that you spoke my fortune.
Cold winds remain
To chill my heart.

Today is my final day.
Today gives my answer.
Today shows me how you feel.
I don't want no part of it...
To get inside of you

Inside of you.
