Lonely As... (Lyrics)

Lonely as the streets that she walked  
With that "look" in her eyes.  
Lonely as a viper I crawled  
And I don't know why.  
Lonely as an ocean she came  
(When she came you know she came alot).  
Lonely as a viper I crawled  
And tried to give her all I've got.

What can I do to win her heart?  
You know I try not to loose  
(There can't be winners all the time).

Please don't refuse  
'Cause I've got love like a river is wide.  
What can I do to win her heart.

Lonely as river she came...  
Like a fallen kiss.  
Lonely as a river I came  
Across red and ruby lips.  
Lonely as an ocean she came  
(When she came you know she came alot).  
Lonely as a viper I crawled  
And tried to give her all I've got.

What can I do to win her heart?  
You know I try not to loose  
(There can't be winners all the time).

Please don't refuse  
'Cause I've got love like a river is wide.  
What can I do to win her heart.
