

Snuff "Dehumanised"

Visit "[Dehumanised](#)" on MotoLyrics.com

Hatred, sympathy, apathy
Its all right there to choose from
Where you gonna start
drawing the lines up
Where you gonna start
fucking it all up
Start blending with ignorance
Start leaning with indifference
Peer pressure deciding

Dehumanised
Inglorious

Hatred, sympathy, apathy, arrogance
Its laid out all before you
Where you gonna start
drawing the lines up
Where you gonna start
fucking it all up
