Heads you win, tails you lose
& then you're on your own
You can take it as you will
Heads you win, tails you lose

Heads you win, tails you lose
The rest is up to you
You can take it as you will
Heads you win, tails you lose

Heads you win, tails you lose
You can take it as you will
The rest is up to you
Heads you win, tails you lose
You can take it as you will
Heads you win, tails you lose
