You're looking at something that isn't me
Something I brought back from the forest
It entered my ear but never came out
Left me gloomy in the woods

I'm gonna go and play a trick on my baby

You'll never get rid of the third cohabitor
You'll never get rid of the dead back-tapper
Last night's remnants on the platter
May turn out a cerebral matter
I'm gonna slit my wrist with her nail file(I'm gonna go
and play a trick on my baby)
I'm gonna let my skeleton out(I'm gonna go and play a
trick on my girl)

Someone burned my yellow tunic!

I'm gonna go and play a trick on my baby
Crack the very joke that will slay me
I'll give her devotion a whirl
I'M GONNA GO AND PLAY A TRICK ON MY GIRL!

Grand demise in a vice

My glorious pastlife among the living
Is a saddening veil before my wistful eye
Ever so stuck in a transitory world
I'm gonna go and play a trick on my girl
Love is red and death is blue
Love is all I she'd with you
Simulation always excited you
I've got a kicker that'll make you croak

Get it off my chest and eat my heart

I'm gonna crash back in the refrigerator(I'm gonna go
and play a trick on my baby)
Get in the garage and break a brake drum(I'm gonna
go and play a trick on my girl)
Gonna take her hand with mine in a socket(I'm gonna

go and play a trick on my baby)
Take my hand - let's kick the bucket!(I'm gonna go and
play a trick on my girl)

Family life's going back on you
My penetration - your homicide

I'M GONNA GO AND PLAY A TRICK ON MY BABY!
I'M GONNA GO AND PLAY A TRICK ON MY GIRL!

Destiny is in my hands!
