Hi!

Do you remember me?

That's right, baby - I'm Lola, also known as Lolita

Or Madonna, or Ginger Spice, or Britney Spears, or....

....Anything you like, baby!

So tell me what you want, what you really really want

So tell me what you're told that you really really want

You wanna know why the stars that keep the big wheels
turning

Are either dead or disposable, right?!

Well, why do you think they killed Elvis?

Why do you think they killed Kurt Cobain?

Why do you think they're gonna kill Britney Spears?

While Slipknot is out there raping your children

I'll be here with you making you swallow endless doses
of happy love songs

Everybody put your hands in the air!

Sing along with me:

Shoobab shoobab, shoobab shoobab

Doobee doobee dee

You love me

Doobee doobee doo

I love you

C'mon, help me out here!

I'm working very hard for a long run

You know that may flies die after one day's fun

You, too, can make a fine buck trying your luck

For a profit-cock who doesn't give a fuck

Believe me - it's so easy

There's nothing behind

What's on the outside is what's on the inside

What's on the inside is what's on the outside

Your surface is my depth!
