She hates me  
You hate her  
I hate you  
Couldn't be better  
She says maybe, you say yes  
I say no couldn't ask for less  
(chorus)  
She's never worried  
And you never care  
I'm goin crazy  
Losing my hair  
Losing my hair  
Losing my hair  
I'm sorry she wrecked your car  
I didn't think that she'd take things that far  
Let's sit down  
And have a cup of tea  
I'm your problem  
And so is she  
(chorus)  
Losing my hair  
(chorus)  
Losing my hair
