This must be  
The greatest day that I have known  
It started  
So well that something will go wrong  
'cause when I get things right  
I lose my appetite  
That's why I felt I had to  
Write this song  
The day breaks  
So early at this time of year  
The sun's in  
The sky  
But then it disappears  
What did I do for these  
Days of unhappiness?  
Those days are gone when  
Nobody would hear  
(chorus)  
Everyday  
My life was falling apart  
Everyday  
Something would break my heart  
Now I wait  
In your arms  
And lie there waiting  
For the day to start  
The days at  
An end and  
Everyone's in bed  
I write down  
The first words  
That come in my head  
And as I say goodnight  
I realise they're right  
These things just come to me  
I don't know why  
(chorus)  
Every day  
Every day  
Every day  
Every day
