Over the top of a lager in wine less wine bar
I can see the sunset over Blackbird hill
It's only the cocaine camaraderie
Keeping the thugs from moving in for the kill

Friends desert me through choice and pressure
I know the faces but I'm not safe
A kiss torn curl blows through your hair
Words fade as the meanings change

But somehow it don't bother me
Somehow it don't bother me
Somehow it don't bother me
Somehow

A choice to make but I'll make it later
Decisions just float on by
Oblivious to the sounds around me+
I'm home but I don't know why

The last of the sunset bounces of the back wall
And reflects back off to the stars
A final witness to a dying sunset
And an abandoned lager in wine less wine bar

Somehow it don't bother me
Somehow it don't bother me
Somehow it don't bother me
Somehow

Another day
(Another day)
Another day [Incomprehensible]
(Another day)

Over the top of a lager in wine less wine bar
I can see the sunset over Blackbird hill
It's only the cocaine camaraderie
Keeping the thugs from moving in for the kill

Friends desert me through choice and pressure
I know the faces but I'm not safe

A kiss torn curl blows through your hair
Words fade as the meanings change

But somehow it don't bother me
Somehow it don't bother me
Somehow it don't bother me
Somehow
