Suzi and Paul
They've got it all
But the one thing they want
Is to keep being wanted
Because when they're apart
Suzi grips at Paul's heart
When he's driving his car
He can't help feeling haunted
And one fine day
Paul gets married
(chorus)
Oh
You never hold my hand
Oh
You never understand
How it feels to live your life
The way I do
Oh
And when you go to sleep
There's no-one there
To keep you company
And you are always on my mind
Paul's got a pet
It's a plus ?
And he talks to himself
Every day when he wants to
Suzi ? with tears
?
But she knows he'll come back
All the psychopaths tend to
And one fine day
Paul gets married
(chorus)
