In the middle of the night
It's time to sleep away...
But demon's in this place
To frighten me...

They willn't have been stop
Before to day break day...
And course of demon say
"To Vex Off Me... !"

#)
Help me...
I haven't been to standing here
Save me...
The demon's want to invited me...

Reff:
Ghost of the darkness...
To vex me in my dream's
Always beside me...
To cover mind of me
Pleasure in my misery...
