Working all day, girl you gotta make a living
Love it when you talk and girl I love you cause you listen
Baby now I promise I'll do everything he didn't
Cause he sold you a dream and he wound up missing ooh
Make you feel like it's the beginning
Scared to love I know by how you hold me when we're kissing ooh
But im'a treat you real different
On time you know I love it when we kick it

You've a girl and she looks just like her mother
You better tuck her in, its goin down tonight
And I'ma give you what I'll give no other
Cause this ain't love if we can't love for life

And we make love in the dark, girl you light up my life
You are, so beautiful
And we make love in the dark, girl you light up my life
You are, so beautiful to me
You are, so beautiful to me
You are.

Working all day, girl I know your body aching
Gonna love you right girl, i've been thinking, i've been waiting
Need you real bad, throw it on me I can take it
When I beez in the trap you're the girl im missing ooh
Got my lady baby I don't need nothing
Scared to love I know by how you hold when we're fucking ooh
I'ma treat you real different, on time you know I love it when we kick it

You've got a girl and she looks just like her mother,
You better tuck her in, its goin down tonight
And I'ma give you what I'll give no other
Cause this ain't love if we can't love for life

And we make love in the dark, girl you light up my life
You are, so beautiful

And we make love in the dark, girl you light up my life
You are, so beautiful to me
You are, so beautiful to me
You are.
