(Kenny Pickett/Eddie Phillips)

And now I know that you've got everything
You never give it up for me
And though you give your life in every way
I tell you girl, that nothing comes
for free

You never tell me what I want to hear
Those stormy secrets in your head
I lay between your knees for all to see
Wide open as you're stroking at my head

Someones gonna bleed
Someones gonna bleed
Someones gonna bleed
For us, for us

And now we know that we have lost control
We cannot see an end in sight
And while I know I could lose everything
I won't give up without some kind of fight

Someones gonna bleed
Someones gonna bleed
Someones gonna bleed
For us

Someones gonna bleed
Someones gonna bleed
Someones gonna bleed
For us, for us

Being nobody's fool
We're breaking all of the rules (Yeah)

Someones gonna bleed
Someones gonna bleed
Someones gonna bleed
For us
