(Kenny Pickett/Eddie Phillips)

Sun breaks the morning  
lights up my day  
You gave no warning  
Took my breath away

That's how i found love  
That's how i found love  
That's how i found love  
That's how i found love

Here comes the morrow  
Chasing the light  
You blew my sorrow  
Clean out of sight

That's how i found love  
That's how i found love  
That's how i found love  
That's how i found love

You came to me like a bird on the way  
Gave me my voice when I needed to sing  
Shook up my world, i was battered and worn  
Tossed me around found an eye of the storm

That's when i found love  
That's when i found love  
That's when i found love  
That's when i found love

You came to me like a bird on the way  
Gave me my voice when I needed to sing  
Shook up my world, i was battered and worn  
Tossed me around found an eye of the storm

That's how i found love  
That's how i found love  
That's how i found love  
That's how i found love

That's when i found love  
That's when i found love  
That's when i found love  
That's when i found love
