She was a girl with blond hair  
Hair as bright as the sun  
She wasn't scared, she'd give anything a whirl  
We would have hand in hand  
We would have lips on lips  
When we was together we was like an eclipse  
We'd block everything out  
And be over each other  
However  
I was one more depending, on a prayer  
Praying out on the floor  
Laid out on the floor  
Laid out on the floor  
Laid out on the floor  
Laid out on the floor

Chorus  
So just give me one more try  
Lets fly, fly away, and retry our love  
Like a baseball bat and glove  
Free love  
Free love it is  
Free love  
Free love  
Free love

You call me, and I fall at your feet  
I wish, that I could delete my memories  
Memories, memories  
Now we are enemies  
Your hand on my hand  
Was like we was part of a band  
But now, we are offhand  
Offhand  
Offhand  
Offhand

Chorus  
So just give me one more try  
Lets fly, fly away, and retry our love  
Like a baseball bat and glove

Free love  
Free love it is  
Free love  
Free love  
Free love

People say is better to of loved and lost  
I wish that I had never loved  
Trying not to love you  
Makes me love you more  
Makes me love you more, more, more

Bridge  
It's hard to say it, but time to say it  
Goodbye, goodbye my blond girl  
The girl with swirls and eyes like pearls  
Goodbye, goodbye, goodbye  
Blond girl

Chorus x2
