I want to hold you in my arms again
My eyes are like rain
Everything you are is more than anything I could ask
for
Your kindness
Your care
Your smile made me shine like a flare

Chorus
I wish I had you back
My heart is jet black
I sit back
And wish I had
You back in my arms
To watch your charms
We watched tv and cuddled
And every moment was like a dream
My face gleam
I wish I had

When I saw you standing there
I did not care
I thought I had died and gone to heaven
I felt like eleven
Feeling like a child
Running wild

Our last day together was the best day of my life
My smile looked like it was cut by a hunting knife
I wish the days to come were like that
Instead I feel like a wood rat
Living in the dark

Chorus
I wish I had you back
My heart is jet black
I sit back
And wish I had
You back in my arms
To watch your charms
We watched tv and cuddled

And ever moment was like a dream
My face gleam
I wish I had

Holding on to what I haven't got
Our friendship is at an end
Our love fades and my sole craves
Fate has turned sides
And our promises turn to lies

I wish I had you back
My heart is jet black

I wish I had you back
My heart is jet black

Oh I wish I had you back
My heart is jet black

chorus
I wish I had you back
My heart is jet black
I sit back
And wish I had
You back in my arms
To watch your charms
We watched tv and cuddled
And ever moment was like a dream
My face gleam
I wish I had

I wish, I had
