Keeping you close to me
Is harder, than I thought
Keeping you in my life
Is not as easy, as I thought

Your always out at party's
Drinking and doing things you shouldn't
Oh yeah
But keeping you close is hard
It's not as easy as signing a birthday card
With from love
With from love

You don't care about what I think
Just what others think
Why don't you, just blink
And take another look
At what you could have
Could have
What you
Could have
At what you could have

Chorus
What if I told you
I'll always be there
What if I told you
I'll never leave you
Your just, overreacting
What if I told you I'm packing
What if I told you
I'll always be there
What if I told you
I'll never leave you
Your just overreacting
Why don't you stop overreacting?

Your always out at party's
Drinking and doing things you shouldn't
Oh yeah
But keeping you close is hard

It's not as easy as signing a birthday card
With from love
With from love
With from love
With from love

Chorus
What if I told you
I'll always be there
What if I told you
I'll never leave you
Your just, overreacting
What if I told you I'm packing
What if I told you
I'll always be there
What if I told you
I'll never leave you
Your just overreacting
Why don't you stop overreacting?

I'm the one sat in front of you
Everyday
I'm the one you talk to
Every morning
I'm the one that you pretended to like
And then you left me
I'm the one you ruined
But I still am
The one, that loves you
The one, that loves you
The one, that loves you
The one, that loves you

Your just overreacting

Chorus x2
What if I told you
I'll always be there
What if I told you
I'll never leave you
Your just, overreacting
What if I told you I'm packing
What if I told you
I'll always be there
What if I told you
I'll never leave you
Your just overreacting
Why don't you stop overreacting?

Why don't you?
