Spite on me baby you're sad alike
If you read to see me move trough the night
Ain't gonna fire shoot me right
I'm gonna like the way you fight
Now you found to seek me cold I use
To wash away my lonely blues
so I can't deny, I like is you babe
Only want to make me fly

Refr:

Sexbomb, sexbomb, you're a sexbomb
You can give it to me when I need to come along
Sexbomb, sexbomb, you're my sexbomb
And baby you can turn me on
Now don't get me wrong
ain't gonna do you know hard
These bombs we're loving you ,can't shoot it far
I'm your main target, come on, help me at night
Loves told me holding you tight
Make me explode although you know
The root to go to sex me slow
And, yes, I must react claims that goes
To say that you are not all mine

Bridge:

You can keep me more and more
and count it on the scarf
You can turn me upside down and inside out
You can make me feel the real deal
And I can give it to you when you tell me,
cause you're mine
