Raped and sodomized molested and fucked
Whipped and beat until your body gives up
Choked and cut in the name of your sins
This is where the pain begins
Flesh and bone it doesn't prevail
Yes they heal but your still in hell
You look for someone who can explain
This horrid life you still entertain
Your soul is dead but your body won't die
What do you do when your body won't die?
Your soul is dead but your body won't die
Six months until suicide

6 Months until suicide
6 Months until suicide
6 Months until suicide

666

Being alone and never understood
Screaming your dreams and being overlooked
Working for years and being turned away
Trying to make it just another day
What do you do when no one gives a shit?
Your friends and family have already quit
Nothing else works and there's no escape
This is your life now suffocate

6 Months until suicide
6 Months until suicide
6 Months until suicide

666

Time to die
Six months

6 Months until suicide
6 Months until suicide
6 Months until suicide
