"Bleed"

Sinning children of broken faith
Beaten into the human race
Why are they here? What is their place?
Unconsciousness written on their face
I scream a battle cry to bring them home
No longer will they be alone
I give them eyes in the form of pain
They drink blood and pray to my name

Time for you to bleed
For you to bleed

Bleed

Bonded friends in a sacred place
Let's make a pact to erase
No one will know what we have done
The Inner Circle has begun
You can escape who you are
You can erase all of your scars
Their's so many way to release
Drinking blood will never cease

Time for you to bleed
For you to bleed
