Your eyes lit up the sky  
Like fire flies  
On a moonlit night  
And I watched as  
The world come down  
From the sky  
When you left me last night  
And all this time of changing  
You know I could never be alone  
And all this time Iâ€™ve wasted  
I know you could never be alone  
But your shadows cast in the dark  
By people who loathe to feel the scares  
They canâ€™t take away this pain  
Of being alone  
Alone in the dark  
And all this time of changing  
You know I could never be alone  
And all this time Iâ€™ve wasted  
I know you could never be alone
