Dismissed and hated porno rock star
Diseased and broken that's who you are
Dirty Knees and filthy lips
Bruised and swollen fingertips

What do you see
Looking at me?
You just create
Something you hate

It isn't me
It isn't me
It's what all you just need to see

Drunken ego and full of hate
All out destruction is what I create
Your worthless flesh and waste of breath
I kill your time make you beg for death

What do you see
Looking at me?
You just create
Something you hate

It isn't me
It isn't me
It's what all you just need to see

Dependent weak create your reality
Self-centered child give up on your morality
Your so meek unconsciousness will always last
This is something that the world will always have

It isn't me
It isn't me
It's what all you just need to see
