You thought that I would never know
How you lied and tried to keep a secrets end so far
from me
But now I'm on to you
Tell me what you think I should do
Maybe we could sit for a while
And I know you could still fake that smile
[Bridge]
Well, I never meant to make you mad
With all the things I never said
[Chorus]
Well, I don't want to see you again
And I don't want to be your friend
I just want to live my life without you
But you'll be back again
And you'll wonder if we'll still be friends
But I'm sorry
I'm living without you

It's getting harder and harder to show
Just how much it hurts aside for me to know you're still
alive
So what the hell did you want me to do not that I'm on
to you
What do you have to say for yourself
Well, I hope you go to hell
Well, I never meant to make you mad
With all the things I never said
Well, I don't want to see you again
And I don't want to be your friend
I just want to live my life without you
But you'll be back again
And you'll wonder if we'll still be friends
But I'm sorry
I'm living without you
I'm living without you
Well, I never meant to make you mad
With all the things I never said
well, I don't want to see you again
And I don't want to be your friend
I just want to live my life without you

But you'll be back again
And you'll wonder if we'll still be friends
But I'm sorry
I'm living without you
Well, I don't want to see you again
And I don't want to be your friend
I just want to live my life without you
But you'll be back again
And you'll wonder if we'll still be friends
But I'm sorry
I'm living without you
