We need something, something new
We need something to get us through
Something alive and something to taste
Something we won't want to erase
I choose a number and the number is 3
I choose a number and you say it to me
Fallen angel, do your best
Jesus had some, I will get the rest

Jesus is no father to me
Nothing to me

Lost and confused show us the way
Lost and confused nothing to say
Give us reason for our search
Give us reason outside the church
Elevation, flesh from the fire
Elevation is what we desire
Lord of what's left handed in time
From the darkness comes the divine

Jesus is no father to me
Nothing to me

A sacred belief
Is something you need
Live in the flesh
Overcome the seed
Transcending fate
Creation of war
That's what god is for
I will exist
Beyond all the words
Into the realm
Of what is unheard
This is a gift
It makes you numb
I changes all
That you will become

Jesus is no father to me

Nothing to me
