Did you see the sky tonight
It was covering a world so bright?
Hiding from a place inside you
Could never really see the light

But I'm having trouble sleeping
'Cause I know no one's awake
And I wish that I was dreaming
'Cause then I could see your face

And I wish I knew a place to hide
I wish I knew a place inside, where I could

Pretend you're the only one
Pretend you're the only one
Pretend you're the only one
That's so far away

But you're having trouble breathing
'Cause the world takes your breath away
And you're hiding from the demons
That attack you everyday

I wish that I could be there
To help take away the pain
But looking in the mirror
I could never see your face

Pretend you're the only one
Pretend you're the only one
Pretend you're the only one
That's so far away

But if I could see your face tonight
I would give away my worthless life
Crawling on my hands and knees
I beg you, I beg you, I beg you

Pretend you're the only one
Pretend you're the only one
Pretend you're the only one
That's so far away, yeah

Pretend you're the only one
Pretend you're the only one
Pretend you're the only one
That's so far away, yeah, yeah, yeah
