Speak now or forever hold your peace  
Life's too short so would you walk with me  
You're too scared to say what you need from me  
When I need you to speak now or forever hold

Your arms around me, I can see the sun  
But it's fading out, it's fading out, it's fading out

And you swore that you would change  
So what happens now is what happens now  
And I swore, I'd rearrange  
And make time for us have we lost all trust

Speak now or forever hold your tongue  
When your mouth is dry, my bodies numb  
You're too scared to say what you need from me  
When I need you to speak now or forever hold

Your arms around me, I can see the sun  
But it's fading out, it's fading out, it's fading out

When you swore that you would change  
So what happens now is what happens now  
And I swore, I'd rearrange  
And make time for us have we lost all trust

(Speak now or forever hold your peace)  
And I swore that I would change  
(Speak now or forever hold your peace)  
And I swore that I would change  
(Speak now or forever hold your peace)  
And I swore that I would change for you

With arms around me, I can see the sun  
But it's fading out, it's fading out, it's fading out

When you swore that you would change  
So what happens now is what happens now  
And I swore, I'd rearrange  
And make time for us, have we lost all trust

(Speak now or forever hold your peace)

And I swore that I would change  
(Speak now or forever hold your peace)  
And I swore that I would change  
(Speak now or forever hold your peace)  
And I swore that I would change for you

(Speak now or forever hold your peace)  
And I swore that I would change  
(Speak now or forever hold your peace)  
And I swore that I would change  
(Speak now or forever hold your peace)  
And I swore that I would change for you

Speak now or forever hold your
