Yes I know you were the only one that could see
Our friendship over the year happen so naturally
Nothing I do or say could thank you for your stay
So I guess I'll just have to play
You wouldn't want it any other way

Struggle free
Struggle free
Welcome to the society
This ones for you
This ones for you
Yes, you made it through

So you made sure that everything was always good
Even though at the end things were weird, I understood
I can see your face above all the crowd
Arms folded, smiling my friend was proud

I have to apologize I just can not tell a lie
Out of all the people why did you....
You just had to die
You just had to go
I can not give up
I can not give up

I just keep trying
I just give it a try

Without flesh
Without flesh
Without drugs
Without drugs
Without lust
Without lust
Without breath
Without breath
Without pain
Without pain
Without doubt
Without doubt
Struggle free

Struggle free
Welcome to the society
