"Touch A Girl"

Visit "[Touch A Girl](#)" on MotoLyrics.com

Let me see your eyes
No hiding anything
Let me see your eyes
No hiding anything
What is their to hide?
I want to come inside

I want to touch a girl
I want to fuck the world

Now you will decide
If you will deny
Now you will decide
If you will deny
What I want to feel
I want to make it real

I want to touch a girl
I want to fuck the world

Girl don't you leave me this way
You know what I want

I want to touch a girl
I want to fuck the world

I'm fucking you
I'm fucking me
While I fuck the world
