Every cheap hood strikes a bargain with the world  
And ends up making payments on a sofa or a girl  
Love 'n' hate tattooed across the knuckles of his hands  
The hands that slap his kids around 'cause they don't  
understand

How death or glory becomes just another story  
Death or glory is just another story

'N' every gimmick hungry snob digging gold from rock  
'n' roll  
Grabs the mike to tell us he'll die before he's sold  
But i believe in this-and it's been tested by research  
That he who fucks nun will later join the church

Death or glory is just another story  
Death or glory becomes another story

We're gonna march a long way, we're gonna fight a  
long time  
We're gonna travel over mountains, we're gonna travel  
over seas  
We're gonna fight you brother, we're gonna fight until  
you lose  
We're gonna raise a lot trouble, we're gonna raise a lot  
of hell

From every dingy basement on every dingy street  
Every dragging handclap or every dragging beat  
That used to be the time-the beat that must go on  
And if you tried for years- we already heard your song

Death or glory is just another story  
Death or glory becomes another story

Death or glory becomes another story  
Death or glory becomes is another story
