Yeah you're cute
But you ain't beautiful
And your insides baby
Are quite as cold
Tell me something
I ain't ever heard before
Try a new game baby
And this time beg for more

Yeah, like you've never done before

Yeah you're cool
Eternally hip now
You've got a bad attitude
But can you back it up, no no no
Show me something
I ain't ever seen before
Try a new trick baby
And this time lock the door

Yeah, like you've never done before

Yeah you act
Like you've been around
But no one knows you
In this fucked up town
Give me something
I ain't ever had before
Try a new sex baby
Or ain't you that hardcore

Yeah, like you've never done before
Like you've never done before
Like you've never done before
Like you've never done before
