### "Lost & Found"

I was looking for something  
Anything at all  
Something to believe in  
Written on the bathroom wall  
There were no answers to the questions I employed  
Nothing around me to fill up that void

I've been lost  
And I've been found  
I've been lost  
Been pushed around  
What a cost  
I nearly drowned  
I've been lost  
And I've been found

My broken home yeah,  
My broken heart  
I needed to make myself a brand new start  
When you're feeling lonely in a crowded town  
When your world around you comes crashing down

I've been lost  
And I've been found  
I've been lost  
Been pushed around  
What a cost  
My hands were bound  
I've been lost  
And I've been found

There was a time when I could not say  
I got a reason to live another day  
Cause when you're desperate you ain't got no shame  
In a world of darkness, in a world full of blame

I've been lost  
And I've been found  
I've been lost  
Been pushed around  
What a cost

I nearly drowned  
I've been lost  
And I've been found

I've been lost  
And I've been found  
I've been lost  
Been pushed around  
What a cost  
My hands were bound  
I've been lost  
And I've been found
