I don't want to love you, hold you
I don't want to know what you're about
I don't want your name or number,
Just want to get in and get out

She's a loaded gun
With her sights on me
There's no mystery

She's a jezebel
And it's plain to see
She'll go easily

I don't wanna give in,
I know I'm going to
She whispered in my ear,
She said, she said, she said

[Chorus]
I don't want to love you, hold you
I don't want to know what you're about
I don't need your name or number,
Just want to get in and get out
I'm only in this baby just for tonight
But I promise that I'll leave you
I'll leave you satisfied

She's played this game before
I know I'm not the only one
That she's hit and run

Another casualty
Of that loaded gun
She'll shoot anyone

I don't wanne give in,
I know I'm going to
She whispered in my ear,
She said, she said, she said

[Chorus]

I'll leave you satisfied

From the way that she's dresses
To the words that she said
I know she always gets exactly what she needs

Oh baby let's not pretend
It's no accident
I know you'll get exactly what you need out of me
(Oh what you need out of me)

I don't want to give in,
I know I'm going to
She whispered in my ear,
She said, she said, she said

[Chorus] X2

I'm only in this baby just for tonight
I'm only in this baby just for tonight
I'm only in this baby just for tonight
But I promise that I'll leave you
I'll leave you satisfied
(Oh yeah)
I'll leave you satisfied X2
