I love what you love, you love what I lack  
But that was once upon a time  
Hey there pretty boy don't walk away from me  
'Cause you know it just ain't right  
You got me shakin' down to my knees  
And I'll never feel right until you're by my side

Can't shake you baby  
You keep on creepin' up my spine  
Look over my way, you know I gotta make you mineâ€!  
It's just a matter of time!

And I know (I know) you got it!  
Every little thing about you baby  
It makes me wanna scream  
[x2]  
I love what you wear you hate when girls cry  
You've got some dangerous eyes well I saw another  
boy  
Walkin' down the street but I know he just ain't right  
The same thing goes for every boy I see  
Well don't you think it's funny  
When you break it down now do you honey!

Can't shake you baby  
You keep on creepin' up my spine  
Look over my way, you know I gotta make you mineâ€!  
It's just a matter of time!

And I know (I know) you got it!  
Every little thing about you baby  
It makes me wanna scream  
[x2]

So where are you at  
My little Hellcat let me take you home  
'Cause you know you've got me shakin' down to the  
bone yeah!

Can't shake you baby  
You keep on creepin' up my spine

Look over my way, you know I gotta make you mine€  
It's just a matter of time!

And I know (I know) you got it!  
Every little thing about you baby  
It makes me wanna scream  
[x2]

You make me wanna scream!  
You make me wanna scream!  
You make me wanna scream!
