Undead eyes...

You made a promise
A promise to me
My darling angel
You just couldn't keep

I just wanted to love you,
Have you forever
Being together
Just you and me

But you couldn't take it
Didn't want me no more
Now my body's hidden
Cold under your floor

And now that it's over
You're never alone
So sorry to tell you
This ain't where I belong

Oh, sleep tight, my boy
You shoulda' though it out
Oh, you can't kill a girl
Without a soul sticking around

Oh sleep tight, my boy
I'll be watchin'
With undead eyes
(Undead eyes)

Well I pleaded and I cried
I don't wanna die tonight
But you didn't listen baby
When you put out my lights

Oh, little did you know
Our true love woulda' last
When you ripped my bloody heart out
And you threw it in the trash

Oh, sleep tight, my boy
You shoulda' thought it out
Oh, you can't kill a girl
Without a soul sticking around

It don't matter boy
If you're beggin me to leave
Well, it looks like
Love has knocked you right down on your knees

You silly boy
You should've listen as I screamed
Well you thought that you avoided it all
And now I'm all that you see

Oh, sleep tight, my boy
You shoulda' thought it out
Oh, you can't kill a girl
Without a soul sticking around

Oh, sleep tight, my boy
I'll be watchin'
With undead eyes...
