You always question me like...
Can't... with you alright
You can't keep on show em but how... to trust
You feel like healing me with... day
... all this back for this driving me impatient
Your actions keeping me but of...
I don't think should be treated this way

I should be checking out of...
I aint' try hear the time since you're going in my ear
You must have forgot all the time that I was there
... mouth what's this about ooh

Chorus:

If we go again I hear you talking
But I can't seem to comprehend
Boy you talk a lot of yada yada
Pop a lot of yada yada yada yada
In time's the same I ain't listening
... upon your ear you aint' the only one
He reason to complain

And I can do it all the yada yada
Pop a lot of yada yada
In time's the same I ain't listening

All the kissing up this... kind of old yeah
Can areas all the...
You real me and believe everything it's perfect
I'm at the point I can't take it no more
Didn't measure up to what I'm looking for
You pull it fast on me
I'm... have the soul I should have known
You must have forgot all the time that I was there
I'm out of your mouth what's this about

[Chorus:]

Now hear me at I ain't listening to know
I can't afford to give you no more chances
... no continue to compromise my life

No longer alive keep playin on you
I'm moving on

[Chorus:]
