(CHORUS)

This is my world where I've got my place  
Not always easy but this can't handle me  
I'm going run be part  
I want you to see, turn it on  
Spotlight on me

There's a new fish in town  
they watch me from all around  
I've got the power I know  
to rock out this show

In the shortest skirts  
with the funkiest jewellery  
You gotta know me  
You gotta know me

repeat CHORUS

CHORUS 2

This is my world where I'll make my name  
About my image I'll surely care  
and when I'm sometimes close to drive insane  
I remember what they said that I can make yeah

Spotlight on me

Repeat CHORUS and CHORUS 2  
twice
