When I grow up, gonna be a star  
Gonna sing my songs and play my guitar, I'm ready  
Gonna change the world, gonna turn the page  
Gonna say what I feel, let out this rage, get ready  
We're going down, down to the streets below

Gonna sing the songs of the streets again  
Gonna knock me off my feet, so get ready  
I'll sing a song for the fallen angels  
This one goes to all the unsung heroes

We're going down, down to the streets below  
'Cause don't you know, I wasn't born to follow

I realize that in your eyes you got ideas  
But I got mine, get ready  
Here comes the new generation  
Hope they feel and fight the same way as we did

We're going down, down to the streets below  
Cause I wasn't born, I wasn't born to follow no

When I grow up, gonna be a star  
Gonna sing my songs and play my guitar, I'm ready  
Gonna change the world, gonna turn the page  
Gonna say what I feel, let out this rage, get ready

We're going down, down to the streets below  
'Cause don't you know, I wasn't born to follow

We're going down, down to the streets below  
'Cause don't you know, I wasn't born to follow

We're going down, down, down, down  
We're going down, down, down

I said goodbye to the masses  
I wasn't born to follow
