Everywhere she go, people turn their heads  
She's a knockout  
Everyone wishes she was sleepin' in their beds  
She's a knockout

When guys see her comin' they start spendin' their  
money  
She's a knockout  
But don't you know I'm the only one who can call her  
honey  
She's a knockout

She's a knockout  
She's a knockout  
She's a knock  
She's a knockout

She's exotic but not foreign, built like an old Cadillac  
She's a knockout  
Once she's left your life she ain't never comin' back  
She's a knockout

In her black silk stockings and her high heeled shoes  
She's a knockout  
Once she's left your life, you'll surely sing the blues  
She's a knockout

She's a knockout  
She's a knockout  
She's a knock  
She's a knockout

Some friends were tellin' me, just the other day  
They walk right up to her, they don't know what to say  
And when she calls me, hear a ring on the telephone  
I'll be there waiting for her, sitting at home all alone  
All alone

In the night clubs baby when the lights shine down  
She's a knockout  
If the feeling ain't right, she don't even come around  
She's a knockout

When she walks down the aisles, you know her hips  
begin to sway  
She's a knockout  
Come on little baby, I'll show you the way  
She's a knockout

She's a knockout  
She's a knockout  
She's a knock  
She's a knockout

She's a knockout  
She's a knockout  
She's a knock  
She's a knockout
