Verse: Sir can you please lend a hand  
To a helpless, starving heartless man  
Whos eyes are blind and feelings numb  
And ears so deaf and mind all dumb

Chorus: This is my way to fill your spaces  
yeah this is my way to fill your spaces

Verse 2: Night is to day as day is to night  
The pages ive torn will give you a fright  
Some pages are memories shredded in twain  
When reconstructing can turn you insane

Chorus: This is my way to fill your spaces  
yeah this is my way to fill your spaces

Solo

soft chorus

Chorus X2: This is my way to fill your spaces  
yeah this is my way to fill your spaces.
