is there anything to ease the pain  
to freeze my flame inside  
or is it something I can wield  
as the flowers wither, world is spinning,  
I grow up on lies  
you have changed or is it me

see my bridges burning  
fire walk with me

so I build the mountains, blow the wind  
and light the morning sun  
am I far too much for you  
now the final chapter opens  
and I haste to free my mind  
this is love and this is doom

see my bridges burning  
fire walk with me
