The way of life, the ebb and flow  
The big desires and the constant glow  
Of the dreams that inspire, the best we could know  
Light a needed fire, when our hearts plateau  
Can't bring me down, finally flowing  
Can't bring me down, the best is showing  
Can't bring me down, the fear is going  
Can't bring me down  
Feel the cool breeze blow, soothing body and soul  
A welcomed relief from the unending grief  
The current state, the lack of belief

Undermine our fate, this life giving thief  
Can't bring me down, finally flowing  
Can't bring me down, the best is showing  
Can't bring me down, the fear is going  
Can't bring me down  
No longer standing around  
Hoping my dreams abound  
Can't bring me down, finally flowing  
Can't bring me down, the best is showing  
Can't bring me down, the fear is going  
Can't bring me down  
Can't bring me down, can't bring me down
